I was so impressed with this company from beginning to end. Royce and his crew showed up on time and stayed on schedule despite difficulty in finding items in stock. We converted a separate building on my property into a mother-in-law suite for my father. Royce quickly grasped what we were wanting and also made great suggestions on how to use the space that we hadn't thought of. His crew was polite and hard-working. Throughout the month long job, Royce was very responsive to texts, emails and phone calls and always polite. After completion, there were a few minor issues and they came back out the next day and took care of them to our satisfaction. Royce seems to truly care about his customers and wants them to be happy and takes pride in his work.

I cannot recommend Royce's Home Improvement enough! We had a water line break under our kitchen sink in the middle of the night which flooded our entire home. We hired him for all repairs including all new floors, baseboards, kitchen, drywall, paint, you name it. The quality of work was on point and his professionalism, communication and ability to get things done as scheduled exceeded our expectations! Especially since many neighbors and contractors were still in the thick of the freeze repairs from the beginning of the year. You will not be disappointed. Will definitely refer him to anyone needing home repairs! Thank you so much, I absolutely LOVE my new kitchen!

Royce and his team remodeled my home to widen my bathroom and closet doors. I use a wheelchair and the doorways were too narrow because my house is older and small. There was not a lot of room so they put pocket doors in. And now I have wheelchair access into those rooms. They were usually 3 men here doing the work so it was completed in 3 days. They put up plastic so dust did not go everywhere. They were very clean and took care with my hardwood flooring. They even did an excellent job on the thresholds where the added wood blended in very well with my existing floor. The pocket doors work great and was an excellent solution. All were very polite and friendly and efficient. Royce even paid for a cleaning lady to clean the house after they were finished. They were several minor things they missed but someone came the next couple days and dealt with those. He even replaced a cracked sprinkler head that was run over by one of the trucks. Excellent work and customer service.

Used Royce as a referral from our wonderful realtor on a home we just bought, and I'm so glad we did. Him and his crew came out and did a wonderful job doing some dry wall, painting, and roof work. They got the job done on time and accurately did everything we discussed. We are so pleased to have had such a great experience as first time home buyers and appreciate their attentiveness and professionalism.

We chose Royce after searching the internet, reading many reviews on his company and other companies in the area. We found his reviews and pictures on his website to be what we were looking for to repair the water damage from the freeze on our house. Another great finding is that he is registered with the Better Business Bureau. Royce and his crew have done a beautiful job on our house. We have a beautiful new kitchen with new cabinets, countertops and backsplash. We have a new cabinet in one bathroom and he fixed another bathroom cabinet that needed some love. New paint in the living room and dining room and kitchen. New ceilings and paint in the living room, dining room, kitchen and one bedroom where water damage and popcorn - gone on all of them. Also put in range hood that has exhaust up thru roof. Royce also kept us updated on how the job was coming along and he dealt with the insurance co. We are extremely pleased with the job and would recommend Royce with no reserve. We are so happy with the results and working with him.

I took a chance on Royce and do not regret it, he is a jack of all trades! He was very prompt and professional. Communication was always open and he always responded to my questions in a timely manner. He gave us a timeline and executed accordingly. I cannot complain. We got the end result we wanted and it was even better than expected. Thank you Royce, we will use you again!

I called Royce's Home Improvements because I wanted my new TV mounted over the fireplace. I also wanted an electrical plug behind the TV so I wouldn't see the cords. I called and was scheduled promptly for my service. The installer was on time and did a great job. It wasn't a big remodel job, but it was important to me. The way it was handled made me feel like a valued customer. I would be happy to recommend them and will definitely use their services again.

Royce's Home Improvement was recommended to us by our real estate agent and, we are glad we made the decision to use his services. Royce worked on remodeling projects in our new home - complete staircase remodeling, front door refinishing and staining, fireplace mantel, casing and crown molding work. He did a fantastic job with a great deal of attention to detail. He made sure to cover floors / walls while he was working, and thoroughly cleaned up the work areas upon completion. We are very happy with Royce and his team, and are planning to use them for any future projects we might have. We appreciate Royce's professionalism and craftsmanship, and highly recommend his work and dedication to get the job done right.

I had an excellent experience with Royce yesterday. He diagnosed the need for a valve replacement on a water heater while a plumber said the whole unit had to be replaced. Royce got the job done within hours of the request. He left the house neat and clean. Great job at an excellent price! Will definitely use him again.

I only discovered this business by seeing their ad in the community impact newsletter. I called at 2pm, and they were able to schedule my service for 9am the following day. The worker was pleasant and very professional. He performed the job quickly and at a very reasonable cost. Very happy I discovered this business. And paying the invoice was very simple to perform online.
